AYITI VISIONARIES

AYITI COMMUNITY TRUST

We envision a thriving, self-sufficient Ayiti where Haitian communities lead their own development.

Our mission is to build a sustainable source of funding that empowers community-based organizations to bring this vision to life.

Garnering support requires rebuilding trust in Haitian leadership and the funding pathways to Ayiti. This means actively challenging harmful misconceptions and offering clear, compelling evidence of credible, community-led initiatives making real impact.

A critical part of this work involves re-educating both the Haitian Diaspora and Friends of Ayiti about the country's rich history and dynamic present. Celebrating Haitian culture and fostering community have proven to be powerful strategies for inspiring transformative investment.

Ayiti Visionaries is one such initiative—a space to shift narratives by honoring Haitian leaders who are driving change in Ayiti and around the world.

AYITI VISIONARIES

Ayiti Visionaries is a distinguished reception honoring leaders in the Haitian community who are driving progress in our pillar areas of civic education, environment, and entrepreneurship.

This year, we turn our focus to Civic Education Leaders who are shaping the future through their dedication to fostering informed and engaged communities. We will recognize civic leaders such as educators, authors, artists, correspondents, and scholars who are paving the way for future generations.

Join us as we honor their contributions, celebrate their impact, and rally support for initiatives that strengthen civic education as a cornerstone of progress in Ayiti.
