

PUT YOUR DAF TO GOOD USE: INVEST IN THE ORGANIZATION BEHIND THE IMPACT

UNLOCK YOUR DAF. BUILD AYITI'S FUTURE.

STRONG PROGRAMS NEED A STRONG ORGANIZATION BEHIND THEM

ACT is a community foundation operating across Ayiti and the United States. Behind every grant we make is a team responsible for identifying and supporting Haitian-led organizations, managing resources, monitoring investments, stewarding donors, communicating impact, and ensuring accountability.

In **Ayiti**, that work requires particularly strong administrative and operational capacity. Responsible philanthropy requires financial oversight, due diligence, local relationships, partner support, monitoring, compliance, and the ability to navigate changing realities on the ground. Yet these essential functions are often the hardest to fund through traditional restricted grants.

Your investment in Flexible Funding, which can be used as needed by the foundation. It can be used to fund the institution behind every ACT investment or directly into programing.

WHAT YOUR GIVING MAKES POSSIBLE

OUR PEOPLE

Support the professionals who lead ACT, manage grants, oversee finances, work with partners, steward donors, monitor investments, and execute our mission.

OUR INFRASTRUCTURE

Strengthen the financial systems, technology, grant and donor management, communications, travel, compliance, and operational infrastructure required to work effectively across Ayiti and the United States.

OUR GREATEST NEEDS

Give ACT the flexibility to respond where resources are needed most—including the critical organizational needs that restricted grants often cannot support.

WHY GENERAL OPERATING SUPPORT?

- ✦ A program grant funds the work.
- ✦ General Operations makes sure the work works.

It funds the people and systems that turn philanthropic dollars into responsible, accountable, **Haitian-led investment**.
